

The Great 8 "Plus"

Pressure Ulcer Care: Specific Actions for Improved Prevention and Treatment

Barbara Bates-Jensen, PhD, RN, CWCN

Please complete and return to ljohnson@healthinsight.org after the call. Thank you!

Purpose/Goal of this training: Dr. Bates-Jensen will focus on specific actions you can take to improve pressure ulcer care.

Participants will:

- ♦ Understand why long term and acute care providers need to act now to improve pressure ulcer care.
- ♦ Recognize the 8 key actions for improved pressure ulcer care.
- ♦ Understand how to correctly assess and describe wound status.
- ♦ Predict wound healing potential based on assessment of wound healing.
- ♦ Explain the importance of standardized communication tools and feedback.
- ♦ Identify the need for, and the composition of, a multi-disciplinary PU team that includes the patient and family.

Please take a moment to rate the following:

		Strongly Agree	Agree	Neutral	Disagree	Strongly Disagree
1.	The speaker for this teleconference session was knowledgeable, well organized, and effective.					
2.	The material presented was informative and will be helpful to my work.					
3.	Questions I had about the topic(s) were addressed in this teleconference.					
4.	Overall, this session was worth my time and effort to attend.					

5. Please state one thing you learned and will be able to apply to your work situation:

6. Please suggest topics and speakers that you would like to hear at future teleconference training sessions:

7. Additional comments or suggestions:
