

## Cheat Sheet of MCMP Tools and Resources

Resource and Location	Description	Notes
<p><b>QualityNet (previously QNet Exchange)</b></p> <p>QualityNet Home Page  <a href="http://www.qualitynet.org/">http://www.qualitynet.org/</a></p> <p>Log in to QualityNet <a href="#">here</a>.</p> <p>You will need to “<b>Test Your System</b>” to ensure that everything is ready for download. On the QualityNet Home Page, select “<a href="#">Test Your System</a>” from the left-hand menu bar called Getting started with QualityNet and click on the button at the bottom of the screen. Please let us know if you encounter problems; we can help you troubleshoot firewall concerns.</p>	<p>QualityNet provides healthcare quality improvement news, resources and data reporting tools and applications used by healthcare providers and others.</p> <p>QualityNet is the source of patient data and secure communications related to the MCMP project. <b>This is where the patient data for MCMP abstraction can be found.</b></p>	<p>All individuals who will be accessing or submitting patient data through the Exchange need to have an active QualityNet account. Please complete the QualityNet registration process for each user; forms are available from <i>HealthInsight</i>.</p> <p>Notarized QualityNet registration forms (pages 5 and 6) need to be returned to:            Therese Bjorge            HealthInsight            348 E 4500 S, Ste 300            Salt Lake City, UT 84107</p> <p>Please note that CMS has strict security guidelines and requests that users do not share user ID and password information, but apply for separate user accounts.</p>
<p><b>MCMP Demonstration Forum</b></p> <p>To register for the first time, go to:  <a href="http://www.internetifmc.com/forums/profile.php?mode=register">http://www.internetifmc.com/forums/profile.php?mode=register</a></p> <p>To view content and/or sign in:  <a href="http://www.internetifmc.com/forums/">http://www.internetifmc.com/forums/</a></p>	<p>Tools, software, and information for the Medicare Care Management Performance (MCMP) Demonstration.</p> <p><b>This is where you will find the MCMP-PAT software, abstraction guidelines, and training materials.</b></p>	<p>You will need to register for the Forum in order to download the MCMP-PAT tool.</p> <p>Also, handouts and resources for online training sessions are posted on this site. You will be able to download electronic materials here, but will connect to the actual training through the IFMC/QualityNet Events Center mentioned below.</p>
<p><b>QualityNet Event Center</b>  <a href="https://ifmcevents.webex.com">https://ifmcevents.webex.com</a></p>	<p><b>This lets you access MCMP online training sessions.</b> The site lists current/future online training sessions that you can access, as well as recordings of past events.</p>	<p>This site is how you connect to online training sessions. Handouts and other accompanying materials are available through the MCMP Demonstration Forum.</p>

## MCMP Performance Assessment Tool (PAT) Resources

Resource and Location	Description	Notes
<b>MCMP-PAT Installation Instructions</b> <a href="http://www.internetifmc.com/forums/mcmpeguide/HowTo-PATInstall.htm">http://www.internetifmc.com/forums/mcmpeguide/HowTo-PATInstall.htm</a>	Step-by-step instructions outlining the process of downloading the MCMP-PAT software and installing it on the machines you will abstract data on.	You will need to access the MCMP Demonstration Forum to download the MCMP-PAT tool (see next item).  <b>We can also send the software files and installation instructions to you on a CD.</b>
<b>MCMP-PAT Software Download</b> The software is available through the MCMP Demonstration Forum at <a href="http://www.internetifmc.com/forums/">http://www.internetifmc.com/forums/</a>	MCMP-PAT software and sample database files.	You must register for the forum in order to access files.  Click on the MCMP Demonstration link. Select <a href="#">Download MCMP-PAT Files</a> to access the software files and sample database.  <b>We can also send the software files and installation instructions to you on a CD.</b>
<b>MCMP-PAT User's Guide</b> <a href="http://www.internetifmc.com/forums/mcmpeguide/index.htm">http://www.internetifmc.com/forums/mcmpeguide/index.htm</a>	The user's guide provides information on installing PAT, the abstraction process and guidelines, measure definitions, how-to guides, and descriptions of PAT menu options and features.	This is an online user's guide that is navigable with hyperlinks.  A user's guide is also incorporated into the PAT tool itself under the Help tab.
<b>MCMP-PAT training downloads</b> Live training about use of the PAT Tool will be available in February 2008.  Last year's training and the electronic submission training initially conducted in 2007 are currently available online. <ul style="list-style-type: none"> <li>• MCMP PAT Training (regarding the PAT Tool)</li> </ul> MCMP Electronic Submission Call (regarding how to export your data from your EHR into the PAT tool)	For those of you who would like a refresher course on the abstraction tool (MCMP-PAT) or on electronic submission, the 2007 training sessions were recorded and are available online.  Follow the steps in the next column to access the session.	1. Click on the link for the training you are interested in and enter the appropriate password (they are case sensitive) <ul style="list-style-type: none"> <li>□ <a href="#">IA - MCMP-PAT Training</a>, July 20, 2007 (password: MCMPtraining20) <b>or</b></li> <li>□ <a href="#">IA - MCMP Electronic Submission Call</a>, July 31, 2007 (password: MCMPESubmit)</li> </ul> 2. Enter your name, etc., in the next box that pops up 3. The training session will appear on your screen and start.  You'll be able to pause, fast forward, etc., with the controls at the bottom right-hand side of your screen.
